THE CAMP MEETING at Moundsville twelve miles from here is still in progress with its usual success. From what we could learn it was highly represented on last Sunday by a large and attentive sudience, who seemed to be much interested in the religious exercises on the occasion, whilst there were many who devoted their time in strolling around the camp ground; and at this time our highly and much esteemed old friend, Henry W. Bane, manufacturer of the famous Hair Spring Mattress Bed, attends to his laudable pursuits just as though nothing had happened within the last six months, pleasing his customers in all his undertakings, which proves to be a great advantage to this community. All we ask of him is that he may have the gift of continuance in [his laudable pursuit, whereof wehave no misgivings, and which will eventually prove a complete success. Call and see him at his Sales Room, No. 167, Market Strest, opposite Union, Wheeling, W. Va. FUNERAL OF SAMUEL OTT, E-Q.—A large number of our cutzens assembled yesterday morning, at the late residence of Samuel Ott, E-Q. in South Wheeling, to pay the last tribute of respect to his memory. After appropriate religious services, the body was removed to the hearse and a long line of carriages, hacks, omnibusses and bug carriages, hacks, ammibusee and bug gies, filled with the fainity and kympu thizing friends, followed the remains to their last resting place. We do not remember to have ever seen so large a funeral cortege in the city since that of the lamented Thoburn, and the numbers in the procession and that lined the streets through which it passed, showed that one of more than ordinary character had been rethrowed from our midst. Wednesday evening. It is regarded by those most interested in it, as specially successful in all the great interests sought to be promoted by the gathering. The number in attendance, aside from the crowd of Sunday, is very satisfactory, whitst the order and decorum is all that could be desired.

Concerning the religious feeling prevalent, there seems to be hut one opinion, that it is among the most successful meeting lever held in this tyleimity. There appears to be a sort of general awakening to a higher spiritual life, including church members as well as others. On Tuesday evening the number professing to have received a measure of Divine illumination was about fifty, of which more than half were members of the church. To this latter result the labors of Dr. and Mrs. Palmer and Rev. and Mrs. Inskip no doubt on the contributed materially.

Contrary to what might be anticipated in these exciting political times, there seems to be a coalescence of sentiment, as if in the presence of the Divine Belieg, our human differences had in place. Every one seemed, as if their week in the grove was to count among the happy and profitable of life's en-

"It was early in the spring of 52 that this compound was originated: A member of my family was offlicted with an irritation of the throat attended with a disagreeable cough.
